inspiring Missouri S&T women to impact the world since 1972.

panhellenic recruitment
Congratulations on your acceptance to Missouri University of Science and Technology! A comprehensive collegiate experience is built on a challenging academic program, involvement in the campus community and cooperation with your peers. As a student you will experience exciting times of transition and development and continued intellectual, emotional and personal growth. Therefore, we are confident that you will learn both inside and outside the classroom through various experiences.

Fraternities and Sororities are among the institutions that foster the enriching and rewarding opportunities for growth that are so characteristic of an individual’s collegiate years. The brotherhood and sisterhood of each chapter provides not only an encouraging environment for your academic work, but also an established platform for deeper engagement with the campus and the community. Our chapters develop leadership skills and a commitment to service, as members work to realize shared ideals.

There are many ways to get involved in college and we feel Fraternities and Sororities are among the best. However, you should follow your own path wherever that may lead. Our students are solving the challenges of a technological world. Missouri S&T holds a special place in the hearts and minds of many alumni and friends across the country and around the world. We hope while at Missouri S&T you will explore your community and your values, and make your college years all they should be.

Please do not hesitate to contact us if with any questions! You can reach us at greeks@mst.edu or 573-341-4329.

Best wishes and congratulations,
Office of Fraternity and Sorority Life

Recruitment Counselors

Your Recruitment Counselor, or “Rho Chi” for short, will be one of the first people that you will meet during your Formal Recruitment Week. She is a sorority woman that has been chosen to help Potential Members experience recruitment weekend in the most positive way possible. She meets the high standards of leadership, knowledge, and values that is needed to guide you on your way during Formal Recruitment.

Your Rho Chi will not only be your guide, but your friend as well. She will be able to answer many of your questions about recruitment seeing as she has been trained by our PanHellenic Council. That being said, if she does not know the answer to a question she will surely know where to find it.

Your Rho Chi will have no contact with her sorority during Formal Recruitment Week. She can be relied on to keep all of your questions and problems confidential. It is important that you attend any meetings your Rho Chi may have, as she will have important information to give you. She will also be a shoulder to lean on when decisions get tough and always be ready to lend an empathetic ear, as she went through recruitment just like you!
When does a sorority member get to live in her chapter house?
Each chapter has a different policy pertaining to housing, however most chapters choose to have members move in to their chapter houses by the first semester of their sophomore year. During Recruitment Potential Members are encouraged to ask about the chapter housing specifics.

Is it common for women in different chapters to be friends with one another?
Missouri S&T has a strong Greek community that has many opportunities for members of different sororities to meet and create life-long friendships. Social, leadership and service events give women in different sororities the chance to socialize with women of other chapters. Friendship is an important aspect of S&T's Greek community.

What questions should I ask during Recruitment?
One of the best questions to ask a woman in a chapter is why she decided to choose the chapter she did. Other good questions include: What does your chapter mean to you? How have you benefited from being a member of your chapter? What kind of scholarship and awards program does your chapter have? What is your philanthropy and who does it benefit? How is the sisterhood in your house? What kind of leadership opportunities does your chapter offer? Remember, the way to get to know a chapter is by asking questions that matter to you.

What if I go through the Recruitment process and decide that a sorority is not for me?
If a Potential Member decides during Recruitment that joining a sorority is something that is not right for her, she may withdraw at anytime. If you are considering withdrawing from Recruitment, we encourage you to discuss withdrawing with your Rho Chi, but the decision to withdraw from Recruitment is solely your decision.

Is there a grade requirement to join a chapter?
Although there is no grade requirement to participate in Recruitment, each organization has its own policies and member selection requirements – including GPA. This is a great question to ask during the first round of socials.

From a Parent To a Parent

Our daughter's college experience has been immeasurably enhanced because of her involvement in Greek life. We are delighted that she is so happy with the many friends that she has made. We have watched her thrive in this wonderful and caring community.

She has maintained a high GPA, thanks to the weekly study groups. Living the Greek life has drawn out her many talents. Her self-confidence has grown because of the numerous and varied activities that she has been involved in. There is always a charity project, seminar or social activity to plan and carry out. She has learned about team-building, being responsible to others, the delicate art of negotiation and how to advocate for matters that are important to her.

Greek life is a positive, upbeat way to live. We have been impressed with the caliber of our daughter's sorority sisters. They are intelligent, talented, balanced, fun-loving and considerate. These remarkable young women are well-rounded and poised, thanks in no small part to what they have learned by living in a sorority.

We believe it is essential to be involved in something bigger than we are, and have been very pleased with all the charity work that Greek students regularly participate in. This gives them a sense of the larger world that is out there, and how they can have a positive impact.

We could not be more pleased with our daughter's association with Greek life and strongly recommend it for your daughter.

Warmest regards,
Jack and Marycarol Page
Parents of Veronica Page, a Missouri S&T Greek Woman

Frequently Asked Questions

Sisterhood

Sisterhood is the key to the closeness that members in each chapter share. A sorority will become your home away from home. Working together towards common goals strengthens the bond within each chapter as well as builds relationships with other chapters. Sharing your college experience with a wide variety of sisters will provide you with amazing friendships that will last a lifetime. These relationships are deeper than just going to parties and more meaningful than just wearing the same letters. These women will become more than your best friends, they will truly be your sisters. These are your future bridesmaids. They will laugh with you when you crack a bad joke, and cry with you when you are down. They always have an ear to listen, a shoulder to cry on, or a hand to pick you up when you fall. Through your college years they will become a part of you that will never leave. You will always have your sisters.

Scholarship

While sorority life is busy and exciting, Greek women at Missouri S&T know that they are here first and foremost for an education. Sororities pride themselves on their academic accomplishments and strive to maintain this exemplary status. Individual chapters require members to maintain a high GPA to remain in good standing and be eligible to participate in chapter activities.

Each chapter has a scholarship program that offers mentors, tutors and study breaks. Members are informed about educational opportunities on campus and within Greek Life. From studying for a big test, to picking the best professor for a class, your sisters will know exactly how to help you achieve your potential at Missouri S&T.

Leadership

Leadership is a solid foundation that you will need throughout your lifetime. Each sorority chapter is self-governed and offers its members an opportunity to learn and to improve leadership skills. Sorority life teaches members how to live and work within a group environment.

You will learn valuable skills such as listening, compromising, understanding group dynamics, goal setting, delegating responsibility, activity planning, problem solving and organizing people to work towards a common goal.

The development of leaders and their preparation for life after college is one of the many goals of Missouri S&T sororities. Whether you are on a committee, serving as a chapter officer, or organizing a campus event, you are learning about effective leadership.

You will find sorority women at Missouri S&T involved in almost every campus committee and organization imaginable.

If you wish to be involved in campus activities and desire real life opportunities to test your leadership skills, then there is no better way than becoming affiliated with a sorority. The leadership, knowledge, and skills you gain through the sorority experience are invaluable and rewarding.
Chi Omega Fraternity
Eta Kappa Chapter
1607 N. Pine Street
Rolla, MO 65401
web.mst.edu/~chiomega

Founded at the University of Arkansas-Fayetteville
April 5, 1995

Residence hall rates:
Room and board rates vary depending on which options, facilities and amenities you choose. All combinations and living arrangements are outlined at reslife.mst.edu. Average room and board expenses are estimated to be $8,342 for the Fall 2011–Spring 2012 academic year.

Sorority membership:
The cost for joining a sorority varies from chapter to chapter. Policies, housing amenities and fee structures are different for each organization. Nearly all freshmen women who join a sorority live in S&T’s residence halls for their first year on campus. Below are the rates that women who live in their chapter houses pay:

Chi Omega: $4,684.00/year
Kappa Delta: $9,474.00/year
Zeta Tau Alpha: $5,772.00/year

The above prices include living in house for a year, chapter fees, and new member fees. This is the max you would have to pay.

Scholarships:
Nearly $420,000 is awarded nationally to deserving Chi Omega, Zeta Tau Alpha, and Kappa Delta alumnae and collegians every year.

Formal Recruitment

Formal Recruitment is set up so that each interested woman can get to know each sorority chapter before deciding which organization is best for her. If you decide to go through Formal Recruitment, you will move into your residence hall a week before school starts in the fall (the same as Opening Week for new freshmen).

To make the process easier, you will be assigned a group of “Rho Chis” which are sorority women who disaffiliate from their chapters during recruitment weekend. These women will be with you throughout the weekend to answer any questions you may have about Recruitment or Greek life.

During recruitment weekend, you will visit all the chapters and get to know girls in each chapter. Each day consists of planned social events. For example, Sisterhood Day allows the sorority women to show their sense of humor with a skit while Philanthropy Day focuses on each chapter’s community service work. These socials will help you figure out the goals, values and personality of each sorority on campus – and help you decide which chapter is best for you.

Keep in mind that Recruitment is a mutual selection process, so while you are deciding which chapters you feel most comfortable with, the women in each chapter are also trying to figure out which women would best fit into their organization. If you decide that joining a sorority is not right for you, you may withdraw from Recruitment at any time.

What to wear:

**Philanthropy Day - Friday, August 17**
During day one you will visit all three sororities and participate in a service project that will benefit their national or local philanthropy. Dress is semi-casual.

**DO’S:** Khaki capris or shorts, casual skirts, sandals/flats, jeans

**DON’TS:** T-shirts, fancy dresses, dress shoes, gym shorts

**Sisterhood Day - Saturday, August 18**
For day two the attire is a little dressier. You will get to know the girls a little better. Laugh with them as they put on a skit and get a tour of the houses.

**DO’S:** Casual dresses, skirt outfits, sandals/dress shoes

**DON’TS:** Shorts, fancy dress, hose, tennis shoes

**Preference Party - Sunday, August 19**
This is the dressiest day. You will return to the sororities and really get to know the girls as you decide which chapter you will be happiest in!

**DO’S:** Dresses, dress shoes, slacks

**DON’TS:** sequin/beaded dresses, casual dresses, hose
Mail your completed registration form and $20 registration fee to:

Panhellenic Council
Missouri University of Science and Technology
218 Havener Center, 1346 N. Bishop Ave.
Rolla, Missouri 65409

If paying by check, make payable to “Missouri S&T Panhellenic Council.”

or

Register online at:
https://missourist.mycampusdirector.com/register

1. On the lower portion of the page, under the header “Panhellenic Council” click on “Recruitment.”

2. Scroll down a little on that page and you will see “Sign-Up for Formal Recruitment” at the bottom of the page.

or

While on campus for your PRO Day visit by the sorority life booth at the afternoon resource fair.

We, the undergraduate members of women’s fraternities, stand for good scholarship, for guarding of good health, for maintenance of fine standards, and for serving, to the best of our ability, our college community. Cooperation of furthering fraternity life, in harmony with its best possibilities, is the ideal that shall guide our fraternity activities.

We, the fraternity women of America, stand for service through the development of character inspired by the close contact and deep friendship of individual fraternity and Panhellenic life. The opportunity for wide and wise human service, through mutual respect and helpfulness, is the tenet by which we strive to live.
