Donald D. Myers was a beloved professor of engineering management at the Missouri University of Science & Technology for over 30 years. The Donald D. Myers Scholarship is a tribute to his extraordinary life of service.

Dr. Myers was deeply committed to Missouri S&T, his colleagues, his students, and his fraternity brothers, as well as the numerous professional and community organizations to which he belonged.

Dr. Myers worked tirelessly to do good in the world. He offered his time and talents to anyone who needed a hand. He was tenacious in all his pursuits. He traveled far and wide, eager to meet new people and learn new things. He made it a point to find common ground with those with differing views. He saw the best in others. And, day after day, he was kind to all who crossed his path.

To honor him, the Donald D. Myers Scholarship was established in 2009 by his family with the generous contributions of his many friends. The purpose of the scholarship is to recognize and support Missouri S&T students who have made a significant contribution to the community or campus through their service, as Dr. Myers did.

**Scholarship Amount**

The $1,900 award will be applied to the recipient’s university account in the next academic year. The recipient will need to be enrolled both semesters of the 2015-16 academic year in order to receive the entire award.

**Scholarship Selection Criteria**

The Donald D. Myers Scholarship is awarded to current students who have made a significant contribution to the community or Missouri S&T campus through service. Interested applicants will be required to respond to questions relative to their service, leadership, impact, and commitment; a letter of recommendation must also be submitted. Undergraduate and graduate students who are enrolled full time are eligible to apply—first year and new transfer students are ineligible.
