We accept articles and stories, announcements for volunteer, civic engagement, and fundraising/philanthropy.

No further than Delta Sigma Phi! Congratulations and thanks for promoting a culture of service!

Outstanding organization that has demonstrated its commitment to the greater campus community, look at Delta Sig in events such as Out Until Midnight, Burgers Shakes and Fries, booths at Celebration of Nations, Highway Clean Up, and many more. These hours do not even include the time spent on philanthropy by group.

Last year 2000 hours of community service were performed by its members. These hours were diversified among a variety of groups such as the American Red Cross, Mound Ridge, Miner Challenge, MoDot and St. Louis County. This demonstrates the commitment to the fraternity's unofficial mantra "Leadership through Service". This is something that no other organization compares to Delta Sig in as over 85% of the total members are flock to the cause.

Campus involvement is something that Delta Sig prides itself on with a rigorous academic plan and uncanny motivation to obtain knowledge. Educational excellence is the values of the fraternity; men from a variety of backgrounds join Delta Sig and work to further their horizons as annual volunteers at the Celebration of Nations in downtown Rolla. Educational excellence is a key aspect of its mission.

Delta Sigma Phi has guided its members in becoming better leaders, better citizens, better professionals, and regional communities through creating more opportunities for students to get involved in the local and regional communities. This year, Delta Sigma Phi will offer more volunteerism and civic engagement initiatives for the 2016-2017 school year has been a great year for the Department of Student Life, and for working volunteers through these programs put on by the Department of Student Life, and for working together to help others.

The 2015-16 school year was a great year for everyone involved with our office. It was an exciting year of growth and development for this office. We had over 2400 students and 250 faculty and staff members volunteer through these programs. The 2015-16 school year marked the first year of the "Volunteerism and Civic Engagement Spotlight" program to highlight the outstanding service of students. There were many outstanding service stories throughout the year, including the following:

Haley Parker

Delta Sigma Phi

Haley Parker is a senior majoring in Medical Laboratory Science with a minor in Business Administration. She is the resident assistant for Greek Service Day, Spring Service Day, and the Spirit of Change Chair that uses donated change to give back to the community. She has always found time to assist those in need. Haley is an active member of Blue Key Honor Society, where she is working with the S&T campus to help benefit and develop a program to help these youth. Through Haley's work with Project HOPE, she has inspired other S&T students to become part of Project HOPE and create a group of committee volunteers to help raise awareness for the need for Project HOPE and how we can help raise awareness for higher education for underprivileged youth at home.
