This past Saturday, 12 Missouri S&T students participated in the first ever Second Saturday Service event at the Kaleidoscope Discovery Centre in Rolla, MO. These volunteers spent their Saturday morning cleaning the building to help store and organize the facility’s materials and then scraping glue off the concrete floor to prepare the room to become a large meeting hall!

“Working here and helping out on a cool weekend was great in that it helped preserve the Kaleidoscope Discovery Centre and kept the surrounding community healthy!”

“Small group of volunteers can make a big difference to the Kaleidoscope Discovery Centre and the surrounding community.”
