Service Spotlight

HELPING EVERYONE REACH OUT ON CAMPUS was founded to raise awareness of charities in the Rolla community. We work closely with Russell House and Tri-County Humane Society as well as doing mentoring. HEROES on Campus works with children in our mentoring program to help them find their skill sets through tutoring, mentoring, and assisting students. We assist in providing a framework for children to achieve higher education. We work with the Tri-County Humane Society on their social media, in helping take care of the animals, and in providing through the shelter. We have fun dog walking socials, toy making socials, adoption fairs, treat making socials, we bath the dogs, clean cages, etc. Furthermore we work with the Russell House in raising awareness of the charity and in healthy relationships. We do fun service work like gather items the house needs, work on anything for the house, and do fun things on campus to promote healthy relationships like our kiss (Hershey candy) passing with quotes on them at Valentine’s Day. We do large awareness weeks to promote the charities we work with. This year we hope to continue with the awareness weeks, run the mentoring program, help the animal shelter several times a month, promote Russell House, and have fun socials to bring the community together to work on volunteer work (without it seeming like work). We also like to build unity within our group with socials. We have committees that are a great way to really focus on one organization, but still be involved in the others & do the fun stuff!

Every Second Saturday of the month a group of volunteers goes to a local community partner and volunteers their morning. For the September Second Saturday Service, 13 students went to Kaleidoscope Discovery Center and helped get the building up to code for inspection in January. They painted ceiling tiles and boards and got a better understanding of what purpose the Kaleidoscope Discovery Center has in the community. If you would like to join us for the next Second Saturday Service you can register on OrgSync here for October 14th and here for November 11th. Registration is free of charge and open to all current students, faculty, and staff.
